A Note

This is a note.

Slide Layouts

Lists and Boxes

Slide Layouts

- Left and Right
- Left, Middle and Right
- Left then Right
- Left, Middle then Right
- Left or Right
- Left, Middle or Right

Other Features

Left and Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **right column**.

Both columns are visible in **handout**, **slide**, and **recording** mode (i.e., there are no animations).

Left, Middle and Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **middle column**.

This is an example text that is shown in the **right column**.

All columns are visible in **handout**, **slide**, and **recording** mode (i.e., there are no animations).

Left then Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **right column**.

In **handout** mode, both columns are visible.

In **slide** and **recording** mode, only the left column is shown at the beginning, then additionally the middle column, and finally all columns.

Left, Middle then Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **middle column**.

This is an example text that is shown in the **right column**.

In **handout** mode, all columns are visible.

In **slide** and **recording** mode, only the left column is shown at the beginning, then additionally the middle column, and finally all columns.

Left or Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **right column**.

In **handout mode**, both columns are visible.

In **slide mode**, only the left column is shown at the beginning and then both columns (cf. **Left then Right**).

In **recording mode**, only the left column is shown at the beginning, then an empty slide (to walk to the other side), and finally only the right column.

Left, Middle or Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **middle column**.

This is an example text that is shown in the **right column**.

In **handout mode**, all columns are visible.

In **slide mode**, only the left column is shown at the beginning, then additionally the middle column, and finally all columns (cf. **Left, Middle then Right**).

In **recording mode**, only the left column is shown at the beginning, then only the middle column, and finally only the right column (again interleaved with empty slides).

Other Features

Lists and Boxes

Slide Layouts

Other Features

- Auto-Scaling for Long Titles
- Easy Navigation in Slides

Auto-Scaling for Long Titles – Long Titles are Scaled Down to the Available Space

Very long frame titles are scaled down automatically.

Can avoid annoying linebreaks for a single character or word.

Use with care.

Easy Navigation in Slides

Click on the title (here **Short Title**) or subtitle (here **1.1 Short Subtitle**) in the slide footer to jump to the title slide.

Click on the section title (here **Other Features**) in the slide footer to jump to the section overview.

In the section overview, click on sections or subsections to jump to another part.
