2 Slide Layouts

Left and Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **right column**.

Explanation

Both columns are visible in **handout**, **slide**, and **recording** mode (i.e., there are no animations).

Left, Middle, and Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **middle column**.

This is an example text that is shown in the **right column**.

Explanation

All columns are visible in **handout**, **slide**, and **recording** mode (i.e., there are no animations).

Left then Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **right column**.

Explanation

In **handout** mode, both columns are visible.

In **slide** and **recording** mode, only the left column is shown at the beginning, then both columns.

Right then Left

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **right column**.

Explanation

In **handout** mode, both columns are visible.

In **slide** and **recording** mode, only the right column is shown at the beginning, then both columns.

Left, Middle, then Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **middle column**.

This is an example text that is shown in the **right column**.

Explanation

In **handout** mode, all columns are visible.

In **slide** and **recording** mode, only the left column is shown at the beginning, then additionally the middle column, and finally all columns.

Right, Middle, then Left

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **middle column**.

This is an example text that is shown in the **right column**.

Explanation

In **handout** mode, all columns are visible.

In **slide** and **recording** mode, only the right column is shown at the beginning, then additionally the middle column, and finally all columns.

Left or Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **right column**.

Explanation

In **handout mode**, both columns are visible.

In **slide mode**, only the left column is shown at the beginning and then both columns (cf. **Left then Right**).

In **recording mode**, only the left column is shown at the beginning, then an empty slide (to walk to the other side), and finally only the right column.

Right or Left

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **right column**.

Explanation

In **handout mode**, both columns are visible.

In **slide mode**, only the right column is shown at the beginning and then both columns (cf. **Right then Left**).

In **recording mode**, only the right column is shown at the beginning, then an empty slide (to walk to the other side), and finally only the left column.

Left, Middle, or Right

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **middle column**.

This is an example text that is shown in the **right column**.

Explanation

In **handout mode**, all columns are visible.

In **slide mode**, only the left column is shown at the beginning, then additionally the middle column, and finally all columns (cf. **Left, Middle, then Right**).

In **recording mode**, only the left column is shown at the beginning, then only the middle column, and finally only the right column (again interleaved with empty slides).

Right, Middle, or Left

This is an example text that is shown in the **left column**.

This is an example text that is shown in the **middle column**.

This is an example text that is shown in the **right column**.

Explanation

In **handout mode**, all columns are visible.

In **slide mode**, only the right column is shown at the beginning, then additionally the middle column, and finally all columns (cf. **Right, Middle, then Left**).

In **recording mode**, only the right column is shown at the beginning, then only the middle column, and finally only the left column (again interleaved with empty slides).

3 Other Features

Lists and Boxes

Slide Layouts

Other Features
    Auto-Scaling for Long Titles
    Easy Navigation in Slides

Auto-Scaling for Long Titles – Long Titles are Scaled Down to the Available Space

Explanation

Very long frame titles are scaled down automatically.

This can avoid annoying linebreaks for a single character or word.

Use with care.

Easy Navigation in Slides

Click on the title (here **Short Title**) or subtitle (here **1.1 Short Subtitle**) in the slide footer to jump to the title slide.

Click on the section title (here **Other Features**) in the slide footer to jump to the section overview.

In the section overview, click on sections or subsections to jump to another part.
